

### **EVATIK launches styles E-9137 and E-9138**

*December 2016*

Focusing on the use of materials in original and interesting ways, EVATIK's new models E-9137 and E-9138 feature unique combinations of design elements and quality materials. The perfect balance between understated style and lightweight comfort make them the ideal accessory for today's fashion savvy man.

With a retro inspired eye shape and a mixed material composition, model **E-9137** will delight the stylish man in pursuit of originality.

The stainless steel frame is remarkably thin and accentuated with high-density acetate with a smoky striped pattern on the front and back.

The contrasting finishes combined with the mysterious patterns of this beautifully designed frame make it an edgy fashion accessory. E-9137 is available in earthy hues of Grey, Brown and Blue.

**Style E-9138** is sure to offer a high impact look for any occasion.

The stainless steel rectangular frame is combined with an adventurous pop of color on the acetate temples, adding a sporty look to a contemporary silhouette.

With a larger eye size designed to accommodate bigger faces to perfection, model E-9138 is available in dynamic colorways of Navy Blue, Grey Lime and Black Red.
