### EVATIK

[EVATIK](#) recently launched four new styles for Spring 2017 that are modern, clean and refined for the fashion-savvy man. For the professional who likes to stand out with style, model E-9142 has an oversized square shape and dropped bridge that are sure to appeal to those looking to make a fashion statement. A honeycomb laser etched pattern on the end pieces and temples provides model E-9143 with a clean, up-to-the-minute look, while style E-9144 can accommodate larger head sizes thanks to a large square shape and longer temples. And model E-9145 (*pictured left*) features a vintage round eye shape and mixed

material composition, taking us back to popular 90's styling.
