ALTAIR EYEWEAR, COLE HAAN, STUDIO6GRAND, CH5019 (left top), CH7028 (left middle), CH7031 (left bottom) CH7029 (right)

Three ophthalmic and three sunglass styles with a minimalist aesthetic designed for comfort are inspired by Sara Mearns, principal dancer of the New York City Ballet, "whose poised athleticism and studio-to-street schedule demands eyewear that merges with substance and style," according to the company. Styles combine handmade acetate and lightweight rubber co-injected temples with Ti-Flex bridge technology. Soft hues of smoky gray, blush, matte brown and satin black round out the color palette. **800.505.5557, AltairEyewear.com.**
