EVATIK

[EVATIK](#) recently launched two new summer styles that combine interesting textures, refined finishes and luxury details with a clean design. New style E-9148 is for those looking for a linear yet elegant style, featuring a laser treatment on the temples that creates a brushed, textured finish, while the custom designed rivet hinge and metal end cap give the frame a luxurious, vintage look. And a sophisticated laser treatment is used on the front and temples of new style E-9149 (*pictured right*) — an acetate style with a modern twist to a retro-inspired look.
