

These Eyewear Styles Are Perfect for (Literal) Netflix and Chill

ARTICLE BY: **MARISSA WALSH** 22 AUGUST 2017

Yup, it's Netflix and chill time. But we mean that literally – given the weather and, well, everything, this is a fine time to crank up the AC, dish out some ice cream and settle in with a binge-worthy TV show.

Here are some popular Netflix shows to get you started, plus the eyewear we'd like to see these characters sporting. Happy viewing!

Show: The Crown

Character: The Queen (of course!)

Model: F-2017

These sophisticated frames feature a stainless steel bridge and temples coupled with a shimmery, translucent acetate with interwoven metallic thread – perfect for the young royal.
