Legendary jazz drummer

Billy Kaye wears Evatik E- 1 0
from WestGroupe.

RHYTHMIC

On 86-year-old jazz legend + drummer **Billy Kaye**: Evatik style E-9190 from WestGroupe, a navigator style in handmade, horn-patterned acetate finished with a brushed gray metal brow-bar poised on the top edge.

◀ Entirely self-taught, legendary jazz drummer Billy Kaye has toured the globe and shared the stage with jazz greats including Count Basie, Charlie Parker, Thelonius Monk, George Benson, and Dinah Washington. Kaye, also an athletic talent who competed in track and field in the 1952 Olympic Games in Helsinki, still performs today in New York—including regular Monday late-nights at Fat Cat and he often hosts the Monday Night Jam at the Jazz Foundation of America, a nonprofit that assists struggling musicians.
