WESTGROUPE

EVATIK's 2021 eyewear collection by WestGroupe features top-trending colourways in classic frame shapes.

The collection includes the stainless steel, classic square-shape E-9215, which is strong, durable and suitable for a variety of face shapes. Engraving along the temples adds a pop of colour, while gradient colouring captures the Ombre colour trend for spring/summer 2021.

The semi-rimless E-9216, meanwhile, boasts sport-inspired cut-outs on the temples, with on-trend pops of colour, while a stacked design hosts a slight curvature at the hinge for a touch of design intrigue.

The stylish rectangular E-9217 frame touts an on-trend smoky acetate with thin stainless-steel temples, creating a lightweight feel and minimalist aesthetic.
