SHARE

Designed for today's modern man, WestGroupe presents the latest EVATIK styles which offer a variety of structures and rich, luxurious colours. The three frames include full rim and semi-rimless designs, and a stainless steel model with a handmade acetate insert. The design details are characterised by

subtle, yet impactful elements which allow for an easy-to-wear style. Highlights of this collection include the model E-9232, with a monoblock stainless steel structure and Mazzucchelli insert. The colours are modern and understated and include grey gunmetal, steel black and olive

gunmetal. Evatik is a brand by Westgroupe, a family-owned company with a range of well-known lines which also includes KLiK Denmark and FYSH.
